Chronically Homeless Individuals	19	1	28	48
Chronically Homeless Families (Total Number of Families)	1		0	1
Chronically Homeless Families (Total Persons in Household)	3		0	3

## Other Homeless Subpopulations

	Sheltered		Unsheltered	Total
	Persons in emergency shelters, transitional housing and safe havens			
Adults with a Serious Mental Illness	261		38	299
Adults with a Substance Use Disorder	311		51	362
Adults with HIV/AIDS	3		4	7
Victims of Domestic Violence	308		0	308

# Methodology for AZ-501 - Tucson/Pima County CoC

## Sheltered Population Total

**1. What data source(s) was used to produce the total number of people included in the sheltered population (staying in an emergency shelter, Safe Haven, or transitional housing) on the night of the count?**

- HMIS Data
- Provider interview(s)

**2. Were you able to collect information about the number of people being sheltered on the night of the count from all emergency shelters, Safe Havens, and transitional housing projects listed on your HIC or only some?**

- All providers gave the required information

**3. What information or method(s) was used to de-duplicate the count of the total number of people included in the sheltered population?**

- Comparison of personally identifying information (PII), such as name, date of birth, and Social Security Number
- Interview/survey question(s) with screening questions (e.g., have you already completed a count survey)

**4. What method(s) were used to obtain the highest quality count of your sheltered population?**

- Reviewed HUD guidance and/or trainings on conducting a PIT count
- Ensured HMIS data was reviewed and complied with data quality standards (e.g., complete and up-to-date demographic data, such as gender)
- Written instructions to providers
- Trained providers on the data collection requirements/forms
- Reminded/followed-up with providers about the count to maximize participation
- Compared the counts to other internal data sources and resolved inconsistencies
- Compared the counts to last year's counts and explained the changes

**5. Did your approach to collecting PIT counts of sheltered populations differ from your approach to collecting PIT counts of sheltered subpopulations?**

Yes

## Sheltered Subpopulation

**6. What data source(s) was used to produce the demographic and subpopulation included in the sheltered population (staying in an emergency shelter, Safe Haven, or transitional housing) on the night of the count?**

- HMIS Data
- Provider interview(s)

**7. Were you able to collect information about the demographic and subpopulation characteristics of all sheltered people or only some?**

- All sheltered people

**8. What method(s) were used to obtain the highest quality demographic and subpopulation information about your sheltered population?**

- Reviewed HUD guidance and/or trainings on conducting a PIT count
- Written instructions to providers
- Trained providers on the data collection requirements/forms
- Reminded/followed-up with providers about the count to maximize participation
- Compared the counts to other internal data sources and resolved inconsistencies
- Compared the counts to last year's counts and explained the changes

## **Unsheltered Population**

**9. What approach was used to count the total number of people included in the unsheltered population during the PIT count?**

- "Post-night of the count" surveys within 7 days following the PIT count night (e.g., "service-based count" at locations where people who are homeless go for assistance)

**10. What information or method(s) was used to de-duplicate the total count of people in the unsheltered population?**

- Comparison of personally identifying information (PII), such as name, date of birth, and Social Security Number
- Blitz count of unsheltered people (i.e., canvassing of different areas occurred at same time to avoid double counting)
- Interview/survey question(s) with screening questions (e.g., have you already completed a count survey)

**11. What information or method(s) was used to produce an unduplicated total count of homeless people across your sheltered and unsheltered populations?**

- Comparison of personally identifying information (PII), such as name, date of birth, and Social Security Number
- Interview/survey question(s) with screening questions (e.g., have you already completed a count survey)

**12. What method(s) were used to obtain the highest quality count of total unsheltered people in your unsheltered population?**

- Reviewed HUD guidance and/or trainings on conducting an unsheltered count
- Written instructions to canvassers
- Trained canvassers on the data collection requirements/forms/process

- Developed maps and/or used Geographic Information System (GIS) tools to support the count
- Reminded/followed-up with canvassers about the count to maximize participation
- Used survey or statistical experts to support the count
- Included formerly homeless people to support the count
- Compared the count to other internal data sources and resolved inconsistencies
- Compared the count to last year's count and explained the changes

**13. Did your approach to collecting the total count of unsheltered people differ from your approach to collecting demographic and subpopulations data about unsheltered people?**

Yes

### **Unsheltered Subpopulations**

**14. What approach was used to collect demographic and subpopulation data about unsheltered people included in the unsheltered population during the PIT count?**

- Surveys/interviews of people identified within 7 days following the night of the PIT count night who may have been unsheltered on the night of the PIT count (e.g., "service-based" surveys at locations where people who are homeless go for assistance)

**15. Were all people who were encountered during canvassing on the night of the count or during post night of the count PIT activities asked to complete a survey/interview?**

- All people encountered were surveyed

**16. What method(s) were used to obtain the highest quality demographic and subpopulation data on unsheltered people included in your unsheltered subpopulations?**

- Reviewed HUD guidance and/or trainings on conducting an unsheltered count
- Written instructions to canvassers
- Trained canvassers on the data collection requirements/forms/process
- Used survey or statistical experts to support the count
- Included formerly homeless people to support the count
- Compared the count to other internal data sources and resolved inconsistencies
- Compared the count to last year's count and explained the changes

### **Annual Comparison**

**17. When compared to last year, please indicate whether the sheltered and unsheltered count increased, decreased, or stayed the same. Describe the specific factors that may have resulted in the increase, decrease, or no change.**

**17a. Compared to last year, the 2015 sheltered count:**

- Decreased

**Explain:**

City, County and State Emergency Solutions Grants increased Rapid-Rehousing in our community, as well as an increase in Veterans served by SSVF and VASH.

**17b. Compared to last year, the 2015 unsheltered count:**

- Decreased

**Explain:**

City, County and State Emergency Solutions Grants increased Rapid Rehousing in our community, as well as an increase in Veterans served by SSVF and VASH.
