Methodology for AZ-501 - Tucson/Pima County CoC

Sheltered Population Total

1. What data source(s) was used to produce the total number of people included in the sheltered population (staying in an

HMIS Data	95%
Provider-level surveys	0%
Client-level surveys	5%
Observation	0%
Other	0%
Total	100%

2. Was the CoC able to collect information about the number of people being sheltered on the night of the count from all
- Complete census count

3. What information or method(s) was used to de-duplicate the count of the total number of people included in the sheltered
- Comparison of personally identifying information (PII), such as name, date of birth, and Social Security Number
- Blitz count of persons in shelters (i.e., count occurred at same time to avoid double counting)
- Interview/survey question(s) with screening questions (e.g., have you already completed a count survey)

Sheltered Subpopulation

4. What data source(s) was used to produce the demographic and subpopulation data included in the sheltered population

- HMIS Data
- Client-level surveys

5. Was the CoC able to collect information about the demographic and subpopulation characteristics of all sheltered people
- All sheltered people

6. Looking at the change in your sheltered count from last year's count, please choose up to three reasons that best explains
- Change in rapid re-housing capacity
- Change in other supportive housing subsidy capacity
- Impact of coordinated entry

Please provide a brief description of these specific factors (500 word limit):

Some CoC projects reclassified from Transitional Housing to Rapid Rehousing during the year, which allowed more people to access

Unsheltered Population

7. What approach(es) was used to count the total number of people included in the unsheltered population during the PIT

- "Night of the count" - complete census
- "Night of the count" - known locations
- "Night of the count" - random sample
- HMIS

7a. Were certain areas within the CoC geography specifically excluded because the CoC had

Yes

7b. How did the CoC select the areas that were included for canvassing?

- Areas were not selected randomly, but an effort was made to use local knowledge to target known

7b1. Did the CoC adjust the information in some way (e.g., statistical adjustment or extrapolation)

No

7c. In areas that were canvassed, did the CoC count all unsheltered people in those areas or a sample of people?

- All people encountered during the count

8. What information or method(s) was used to de-duplicate the total count of people in the unsheltered population? (Check all

- Comparison of personally identifying information (PII), such as name, date of birth, and Social Security Number
- Blitz count of unsheltered people (i.e., canvassing of different areas occurred at same time to avoid double counting)
- Interview/survey question(s) with screening questions (e.g., have you already completed a count survey)

Unsheltered Subpopulations

9. What approach(es) was used to collect demographic and subpopulation data about unsheltered people included in the
- Surveys/interviews of people identified within 7 days following the night of the PIT count night who may have been unsheltered on the

10. Were all people who were encountered during canvassing on the night of the count or during post night of the count PIT

- All people encountered were surveyed

11. What information or method(s) was used to produce an unduplicated total count of homeless people across your

- Comparison of personally identifying information (PII), such as name, date of birth, and Social Security Number
- Interview/survey question(s) with screening questions (e.g., have you already completed a count survey)

12. Looking at the change in your unsheltered count from last year's count, please choose up to three reasons that best

- Increased or improved PIT count training
- More volunteers for PIT count
- Change in transitional housing capacity

Please provide a brief description of these specific factors (500 word limit):

PIT count training was made more accessible through additional training events and online training available for those who could not
