Community Solutions Dashboard	Emma	<ol style="list-style-type: none"> 1. Data distributed. Youth & individual will be reported next meeting. The overall numbers have gone down, but the veteran data is being cleaned up, so the numbers will go down. Data accuracy will be checked. 2. Prenavigation Pilot: Got first 10 clients, 2 were already housed, 1 was already matched with a program, other 7 have been matched before navigated. Moving onto the next 10. 3. VASH: Sept. voucher to housed original median was 88. September average was 56.5 days, July average was 79. There is fluctuation, but a downward trend. 4. Learning session is coming up this week. Pam submitted the request to come see our community. 	
CLEC Update	Melissa	<ol style="list-style-type: none"> 1. Working on different strategies for 3 different populations. Youth collaborative meeting on Monday. Community wants to do youth navigation & list clean up. Community Solutions is working on veteran & chronically homeless populations. 	
RRH Data follow up	Pam	<ol style="list-style-type: none"> 1. Family & veteran RRH Pilot data analysis for July 1, 2017-June 30, 2018 distributed. These reports refer only to those actually referred. #1 issue addressing needs of families is housing crisis. We will be able to look at exit data as it become available. 	
Prevention VI SPDAT Update	Emma	<ol style="list-style-type: none"> 1. We are ready for a meeting to move onto phase two & come up with an updated plan for rollout & a timeline for phases two & three. The prevention workgroup needs to be refreshed in this conversation. 	
Case Conferencing	Emma	<ol style="list-style-type: none"> 1. Distributed. Committee would like to make the 30-day referred to housed timeline into 60 days. Clients not matched to housing by the 61st day should go to case conferencing. This could be done in PEM as performance measures. This is a reporting mechanism for our timelines. Lengthening the timeline could shorten the list. The TAY populations need a report on how long they're taking to be housed. No changes made at this point, changes will be discussed at the next CE meeting prior to the Board meeting. 	
Core Component progress	Emma	<ol style="list-style-type: none"> 1. TPCH CE system progress chart on incomplete HUD CE Core Elements distributed. This is to hopefully move to one meeting per month by looking at the progress we've made & must make. 2. Proposal to move to one meeting per month on the agenda for the next meeting.
