2A. Project Detail

1a. CoC Number and Name: AZ-501 - Tucson/Pima County CoC

1b. Collaborative Applicant Name: Community Partnership of Southern Arizona

2. Project Name: CoC Planning Project Application FY2018

3. Component Type: CoC Planning Project Application

2B. Project Description

1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with the provisions of 24 CFR 578.7.

The Tucson Pima Collaboration to End Homelessness (TPCH) is committed to ending homelessness by continuing the great work they have been doing such as: maintaining the coordinated entry system for the community; completing an annual Point in Time and gathering accurate data on homelessness; completing an annual monitoring and evaluation process; continue to grow our collaboration with ESG, HOPWA, the PHA and other stakeholders who are working towards the same end; completing an annual GAPS Analysis that will help the community base educated decisions on how to move forward with housing and services in the community. These tasks will be managed by the Collaborative Applicant Representative and the TPCH CoC Administrator. The Collaborative Applicant Representative answers to the Board of Directors, and the TPCH CoC Administrator answers to the Collaborative Applicant Representative. The two staff will collaborate to ensure that all of the following tasks are completed: ensuring day-to-day operation; increasing coordination in and beyond the CoC; and overseeing data, performance, and planning as outlined in CFR 578.7. The Collaborative Applicant Representative (who answers to the Board of Directors) will be responsible for the following items: RFPs, contracts, budget oversight, strategic plan implementation, hiring of contractors, creating a calendar of annual tasks that must be completed, and implementing it (for example, the Point in Time and GAPS Analysis); and other tasks as they arise. The TPCH CoC Administrator (who answers to the Collaborative Applicant Representative) will be responsible for the following tasks: coordination of committees, connecting to additional stakeholders, increasing participation by homeless and formerly homeless persons, participating in input to the Consolidated Plan and ESG allocations, and increasing community collaboration on discharge planning, outreach, healthcare expansion and housing development.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

This project is expected to begin no later than July 1, 2019. This timeframe will coincide with the budget year for the Continuum of Care. The proposed activities will be developed in accordance with the schedule outlined by the TPCH Board of Directors and by HUD leading up to and during the term of this grant. However, all activities mentioned as part of the scope of this project and the roles of the positions being funded will occur during the grant year. Day-to-day management of the funds, contracts, and positions is overseen by the Collaborative Applicant Representative of the Collaborative Applicant, including the timely and acceptable completion of all work.

3. How will the requested funds improve or maintain the CoC's ability to evaluate the outcome of CoC and ESG projects?

TPCH has had two successful monitoring; one was through the utilization of a consultant, the other was completed by the Performance, Evaluation, and Monitoring committee. Both monitoring focused on system planning, improving project capacity, improving system outcomes, and ultimately homelessness. TPCH has incorporated a focus on data quality. Data quality will show that data is not only entered in a timely manor, but is being entered correctly. This data is vital to the work we're doing to end homeless. Another factor that is being taken into consideration is cost efficiency. This is a newer concept to TPCH, but we're invested in learning more about it. We want to make sure our projects are ultimately reaching positive exit outcomes that is cost effective.

4. How will the planning activities continue beyond the expiration of HUD financial assistance?

TPCH recognizes the need for increasing financial capacity so that the operating, planning, and coordinating of the Continuum of Care are not dependent on renewal of Planning Grants. TPCH has but has been working to increasing the self-sufficiency of TPCH via building connections with local businesses, improving the website and applying for grants. If these efforts are successful, we anticipate that the planning activities are self-sustaining beyond the expiration of HUD financial assistance. If that does not occur, TPCH is considering instituting a dues structure.
