2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

TMM Family Services has provided supportive services and housing in the Tucson region for 40 years. There will not be any sub-recipients for this project. TMM Family Services has a full-time Director of Finance with 42 years of accounting experience, 22 years of which was with nonprofits, as well as a full-time Accountant Assistant. These staff oversee finances including contract requirements. TMM currently manages over \$2.5 million annually in government contracts, including state, county, and city funds, and successfully meets all reporting and program evaluation requirements, including federal requirements. TMM works with an independent auditor to complete an annual audit including a single audit for government contracts. The single audit for 2016-2017 FY had no issues.

TMM is currently a Shelter Plus provider, with eligible housing managed by TMM Family Services as well as referrals when appropriate to other Shelter Plus eligible housing. TMM utilizes HMIS for their current Shelter Plus contract. The proposed project will use TMM's successful Family Journey transitional housing program model; TMM has coordinated this program for 29 years and it has been proven effective in stabilizing single women who are homeless or at risk for homelessness. The current program annually helps an average of 10 domestic violence survivors annually. If awarded, TMM will hire a full-time staff position to provide intake, housing assistance, and supportive services to program participants. Due to TMM Family Services many years of service in this community, multiple partners, and prior housing experience, we are confident we will successfully utilize and manage federal funds, providing housing and comprehensive services to domestic violence survivors, male and female, while following Housing First and Coordinated Entry best practices.

2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.

TMM Family Services has successfully leveraged in-kind and grant awards to allow us to fully fund our programs for many years. We are able to acquire donations from many local community partners to help those we serve. Donations include food, clothes, shoes, bedding, hygiene items, and furniture. The current Family Journey program has \$15,500 in grant awards from private foundations and TMM annually receives awards from the City of Tucson and Pima County for other housing programs.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

TMM Family Services programs and financials are overseen by the Board of Directors who also hire and supervise the Executive Director. TMM Family Services currently has an Interim Executive Director with a search underway for an Executive Director. Administrative staff are the Vice President of Development and Community Relations and the Director of Finance. TMM Family Services has developed and implemented strict client confidentiality procedures that conform with all federal statutory and regulatory requirements. TMM's confidentially procedures include, but are not limited to, all client files, both hard copy and computer, for its all existing programs. These measures will be implemented for the proposed project to ensure confidentiality of participants. TMM Family Services has a separate modem for clients separate from staff and administrative tasks for added confidentiality and security. TMM uses commercial firewall and anti-virus software that is monitored and maintained by our third-party support vendor. All access is protected by strong passwords requiring periodic changes, and files are stored in segregated folders with access restricted by the third-party network administrator. Case files for any child(ren) in the proposed project will be kept separately. TMM policies require that passwords are not shared and that workstations are locked when staff step away from their work areas. E-mail services are provided by Microsoft 365 using their security, and personnel are counseled against including confidential information in their communications. Confidentiality of program clients is emphasized at all staff levels at all times. TMM uses FUND EZ software for tracking its financial transactions. All expenditures are supported by review and approval of invoices by qualified staff with the invoices converted and stored as PDF files attached to the transaction. All grants are identified by specific coding to allow for the accurate segregation of different obligations for easy retrieval of compliance documentation. TMM Family Services successfully manages millions of dollars in state, county, and city funds annually and is independently audited – both for GAAP and for government contracts each year. TMM's current government contracts follow federal regulations and requirements and TMM consistently meets those regulations and requirements.

2. Project Name: Family Journey -Joint TH and PH-RRH

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

TMM Family Services' Domestic Violence Bonus project, Family Journey -Joint TH and PH-RRH, will provide 15 transitional housing units and 5 rapid rehousing units for domestic violence survivors, providing supportive services and referrals to address identified community need and stabilize domestic violence survivors. The proposed project meets the community need priorities as listed in the TPCH 2018 NOFA of providing a project dedicated to families and survivors of domestic violence.

TMM Family Services' will meet eligibility requirements for a DV Bonus project by offering a new project that will serve survivors of domestic violence, dating violence, sexual assault, or stalking and that are defined as homeless following 24 CFR 578.3 and Housing First. The project will meet transitional housing requirements by limiting participation to a 24-month maximum (unless permanent housing has not been identified by the end of that period). The rapid re-housing will reduce the amount of time a person is homeless by connecting those eligible to permanent housing. Following HUD guidelines, TMM will rapidly connect families and individuals experiencing homelessness to permanent housing through a tailored package of assistance that will include the use of time-limited financial assistance and targeted supportive services when appropriate. Through assistance with rent, utilities, transportation, and other supports, TMM's transitional and rapid re-housing will help previously homeless families and individuals avoid a return to homelessness and will link participants to community resources that enable them to achieve housing stability in the long-term.

Transitional housing: Seventy percent of TMM's current Family Journey transitional housing program participants are domestic violence survivors. TMM has provided the Family Journey program for 29 years and has a long history of success in housing and stabilizing domestic violence survivors through this program. For the proposed Bonus Project, TMM Family Services will utilize the successful Family Journey housing model. Program participants will meet with TMM Family Services staff to self-identify goals (including personal, educational, financial etc.) and steps to achieve them with TMM staff providing guidance. Once the participants' goals have been identified, TMM Family Services staff will follow up weekly to ask about progress, or more often if someone is struggling. Referrals may be made to employment services, child care, behavioral health, SNAP, and other community partners and programs to facilitate stabilization and progress towards goals. Through housing and supports, TMM Family Services will reduce homelessness and increase stability for 20 survivors of domestic violence annually with the proposed program.

2. For each primary project location or structure in the project, enter the number of days from the execution of the grant agreement that each of the following milestones will occur as related to CoC Program funds requested in this project application. If a milestone is not applicable, leave the associated fields blank. If the project has only one location or structure, or no structures, complete only column A. If multiple

structures, complete one column for each structure.

Note: To expend funds within statutorily required deadlines, project applicants must be able to begin assistance within 12 months of conditional award. The one exception is for applicants who are conditionally awarded sponsor-based and project-based rental assistance. These conditional award recipients will have 24 months to execute a grant agreement; however, HUD encourages all recipients conditionally awarded funds to begin assistance within 12 months. The estimated schedule should reflect these statutorily required deadlines.

2. Describe how participants will be assisted to obtain and remain in permanent housing.

TMM Family Services will utilize our current Family Journey program model for the proposed project, providing housing and supportive services, including referrals when appropriate, to increase the stability and self-sufficiency of domestic violence survivors served in the program. TMM will assist program participants in obtaining and remaining in permanent housing through a spectrum of supports and services including employment, education, child care, behavioral health, substance abuse treatment, financial education, and life skills. When the program participants begin the program, they identify goals and TMM Family Services staff provide referrals and guidance. The program participants take the initiative to reach their goals, positioning them to be independent. Rent will be charged once regular employment is obtained, at below market levels, to help participants build credit and create realistic personal budgets to support permanent housing.

3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

As part of entry into the proposed program, participants will identify their goals, including goals for employment and fostering independence. Where appropriate, TMM Family Services will refer participants to current employment assistance partners, including ResCare, to increase income through obtaining living wage employment. In our experience, many of those we serve lack a high school diploma, severely limiting employment opportunities. The proposed project includes costs to provide GED testing fees for seven program

participants. If there are additional domestic violence survivors that require a GED, TMM will cover those costs. TMM Family Services also collaborates with numerous secondary education and tech schools and will refer participants for further education and/or skill acquisition if that is identified as a goal. If income allows it, TMM will increase rent fees to market levels, supporting self-sufficiency for participants. One recent example where TMM Family Services increased income for a program participant was to help a single mom obtain a higher wage job through identifying skills she had that could be used for the position. This meant the mom was able to quit the two part-time jobs she previously had, allowing her to not only increase her income, but increase the amount of time she had to be with her children.
